

An aerial night photograph of a three-story red brick house. The house features a large, white-framed bay window on the left side, with multiple panes showing interior lights. Several other windows are visible, some with white frames and others with dark frames, all of which are illuminated from within. The house has a dark roof with a small dormer. In front of the house is a paved courtyard area. To the right of the house, there is a small, dark-roofed structure, possibly a shed or a small entrance. A blue recycling bin is visible near the house. A black metal fence runs along the right side of the courtyard. In the background, other buildings and a clear night sky are visible. The overall scene is lit by the warm glow of the interior lights and the cool blue of the night sky.
